VOIICE Solutions, LLC

dba Site Set Pro

Locations: regional support in Midwest,

Southeast, & Texas - with national reach

Our mission is to deliver disciplined site mobilization and operational support to help make construction projects organized, compliant, and ready to perform from day one.

Company Overview

Site Set Pro (SSP) provides environmental and asbestos consulting services supporting pre-construction planning and active construction operations. We assist owners, contractors, and agencies by delivering environmental assessments, inspections, and compliance-focused support that inform project decisions and reduce regulatory risk. Our environmental services are advisory and compliance-oriented, helping project teams identify environmental conditions, understand regulatory requirements, and proceed with clarity.

Core Competency

- Pre-renovation and Pre-Demolition Asbestos Inspections
- Asbestos abatement inspection and oversight
- Lead-based paint Testing and Inspection
- Indoor Air Quality Monitoring
- Universal waste identification and disposal coordination
- Air Sampling
- Stormwater Pollution Prevention Plans
- Soil Erosion Control Measures
- Phase I/II Environmental Site Assessments
- Underground Storage Tank (UST) Assessment
- Industrial Hygiene
- Mold & Moisture Studies

Differentiators

- Consulting and inspection services provided independently from remediation, supporting objective decision-making.
- Environmental services aligned with real-world construction sequencing and site operations.
- Compliance-Driven Approach
- Focus on regulatory understanding, documentation accuracy, and risk reduction.
- Early Risk Identification
- Environmental considerations addressed early to avoid schedule delays and cost impacts.
- Environmental consulting coordinated alongside site setup and safety planning when appropriate.
