Our mission is to deliver disciplined site mobilization and operational support to help make construction projects organized, compliant, and ready to perform from day one.

Company Overview

Site Set Pro (SSP) provides construction-phase site setup and mobilization services that support safe, efficient, and compliant project startup. We specialize in planning and executing the temporary infrastructure and logistics required to make construction sites operational before work begins. Our team simplifies complex site setups by consolidating vendors, coordinating logistics, and sequencing site services - helping owners, contractors, and agencies reduce risk, avoid delays, and establish control during the most critical phase of a project.

Core Competency

- Construction Site Mobilization

Differentiators

- We focus exclusively on site setup and early operations - the most schedule-sensitive and risk-intensive phase of construction.
- Sites are planned and organized before crews arrive, reducing downtime, rework, and safety exposure.
- Vendor Consolidation & Coordination
- A single point of coordination for multiple site services, simplifying procurement and reducing administrative burden.
- Safety, access control, and regulatory considerations are integrated into site layout and logistics.
- Our approach reflects how construction sites actually operate in the field.
