VOIICE Solutions, LLC
dba Site Set Pro

Locations: regional support in Midwest, Southeast, & Texas - with national reach

Our mission is to deliver disciplined site mobilization and operational support to help make construction projects organized, compliant, and ready to perform from day one.

Company Overview

Site Set Pro (SSP) provides construction safety and traffic safety support services for public and private sector projects. We support owners, contractors, and agencies by integrating safety planning, compliance support, and field coordination into construction-phase operations. Our approach emphasizes prevention, clarity, and accountability—helping project teams manage risk, maintain compliance, and protect workers and the public throughout active construction.

Core Competency

- Construction safety program support
- Site-specific safety planning
- Traffic safety and temporary traffic control coordination
- Jobsite access control
- Pedestrian safety planning
- Construction safety compliance support
- Safety Equipment
- PPE Supply
- Fall Protection Systems
- Temporary HAWK Signals
- Traffic calming equipment (speed humps, bumps, tables)
- Emergency Readiness
- Safety Audits

Differentiators

- Safety considerations are embedded into site setup and logistics - not treated as a standalone checklist.
- Our safety support reflects real field conditions and evolving site operations, not static plans.
- Traffic & Public Safety Awareness
- Experience supporting temporary traffic control and public interface zones on active sites.
- Compliance-Driven Support
- Focus on regulatory awareness, documentation support, and coordination—not citations or policing.
- Clear Communication Model
- Practical, plain-language safety coordination that aligns field crews, supervisors, and stakeholders.
